Mountain Midwifery Care is recently funded and opening in Hamilton in early 2017. We are a group of 5 experienced, full-scope midwives, well-integrated within the community and holding privileges at St. Joseph's Healthcare Hamilton and Hamilton Health Sciences. We are committed to compassionate, high quality, evidence-based midwifery care, and a progressive business practice of equal partnership. We value work-life balance and work in a shared-care model.

As our new General Registrant you will be committed to providing compassionate woman-centred care, have full-scope experience, excellent skills in communication and interprofessional collaboration, and a willingness to work toward becoming an equal partner in the practice. You are a hardworking team player with a positive outlook.
